

TRIMAS RELEASES THIRD ANNUAL SUSTAINABILITY REPORT

BLOOMFIELD HILLS, Michigan, June 21, 2023 – TriMas (NASDAQ: TRS) today announced it has released its annual Sustainability Report, demonstrating the Company's commitment to transparency by providing a comprehensive overview of its sustainability progress achieved during 2022.

TriMas' Sustainability Report demonstrates the Company's dedication to responsible environmental, social and governance (ESG) practices and details the wide range of sustainability initiatives initiated across its global operations. As illustrated in the report, TriMas is actively committed to enhancing its sustainability strategy across its four focused areas of corporate governance and ethics, people, the environment and products. The Company is also committed to sharing best practices and employing continuous improvement initiatives across its businesses.

"We are pleased to share our third annual TriMas Sustainability Report, demonstrating the successes of our ESG activities during the past year," said Thomas Amato, TriMas President and Chief Executive Officer. "The report highlights our continued efforts in a number of areas, including a robust Supplier Code of Conduct, an enhanced Environment, Health and Safety Policy, a push for a more collaborative and inclusive workplace, and the continued introduction of innovative, sustainable product solutions that minimize energy consumption, reduce waste and enhance recyclability. The report also features a comprehensive set of our environmental metrics, including our Scope 1 and Scope 2 greenhouse gas emissions."

"During the year, TriMas also became a participant of the United Nations Global Compact (UNGC) and is aligned with the UN Sustainable Development Goals (SDGs), reinforcing our lasting commitment to responsible and sustainable ESG practices. We believe our commitment is integral to creating long-term value for our customers, employees and investors, while contributing to a better global community. We are proud of our accomplishments and are dedicated to building a more sustainable future," Amato concluded.
